

GRIN-Global CT & Server Installation File Locations

These are not the source code files; for those please contact the international help desk for assistance. <mailto:CIMMYT-GRINGlobal-International@cgiar.org>

Application / Components	Location	Version	Note
Curator Tool	https://npgsweb.ars-grin.gov/gringlobal/downloads/	1.9.6.43	“GG Downloads” page. Contains a link to the CT is a self-extracting installation file. The file is contained within a zip file. Also has link to the Updater program (see line below)
Updater	https://npgsweb.ars-grin.gov/gringlobal/uploads/documents/GrinGlobal_Updater_Setup.zip	1.0.8	This is basically the latest Updater – when invoked, it will prompt to update to a newer version – the prompt can be ignored.
Server	http://sun.ars-grin.gov/~dbmuke/cgi-bin/gringlobal/1.9.7.1/gui.asmx	1.9.7.1	Copy this link into the GG Updater “Download From Server” box; click the Check for Server Updates button

Complete directions for installing the Curator Tool and the GRIN-Global server components may be found online under the documentation menu option at <http://www.ars-grin.gov/npgs/gringlobal/sb/home.html>
